INTENT LANGUAGE FOR H.B. 191

On motion of Representative K. Johnson, the House voted to spread the following intent language upon the pages of the House Journal.

In passing H.B. 191, Utah Division of Indian Affairs Amendments, the Legislature intends the following:

This bill does not diminish the Utah Division of Indian Affairs' important role in facilitating government-to-government relations with the federal government, other state agencies, and Indian Tribes, in conjunction with efforts of the Legislature and in accordance with policies set by state government.

Because of the important relationship between the division and Indian Tribes, the executive director of the Department of Community and Economic Development should continue the practice of consulting with tribal leaders in appointing the director of the division.

When the division or another state agency participates in government-to-government relationships with an Indian Tribe, the division or agency should verify that it is working with the elected or appointed officials of the tribe or authorized representatives of those officials. This respect of the governmental structure of tribes fosters the healthy communication needed to meet the needs of the Native American citizens within the state.
